

LAST CALL FOR PAPERS

TCI Academic Summit on “Learning Clusters as Drivers”

Agora Auditorium 2, Jyväskylä, Finland, 12th - 13th October, 2009

The School of Business and Economics of the University of Jyväskylä invites you to participate in a multidisciplinary Academic Summit on:

Learning clusters as drivers for

- regional development
- entrepreneurship and growth
- innovativeness
- educational co-operation
- socio-economic restructuring
- accumulating and mobilizing social capital

As part of the 12th TCI Annual Global Conference on the theme “Learning Clusters – adapting to the new competitiveness scenario”, the summit will concentrate cross-disciplinarily on academic aspects of learning clusters. Papers from different disciplines are highly encouraged. The summit will bring together researchers and practitioners from all over the world. Participants will have an excellent opportunity to present new research, exchange information and discuss current issues. Keynote lectures are given by Professor Charlie Karlsson (Jönköping International Business School) and Dr. Jukka Teräs (Managing Director and owner of Norrum Oy).

NEW Deadline for the submission of papers: 31st August, 2009, by when the papers should be sent, preferably in PDF format, to: tcj-academic-summit@jyu.fi
